BOY SCOUTS OF AMERICA ★ 100 YEARS OF SCOUTING

---

CELEBRATING THE ADVENTURE ★ CONTINUING THE JOURNEY

**“100 YEARS OF KLONDIKE”**

**January 22-24, 2010**

**Camp Butler**

**Klondike 2010****“100 Years of Klondike”****Camp Butler****Back Story**

The Klondhog has been catapulted back in time to 1910, the first year of the BSA. During his time travel, he forgot all of his Klondhog Scouting skills. This is where you come in. We need the scouts of the Seneca District to help Klondhog remember how to be a good Scout, how to Be Prepared, and how to have fun in Winter Camping.

This will require scouts to be ready for the unexpected. They should think back to the roots of scouting, and those skills that are required for scouts at the beginning of the last century. Be sure to brush up on your BSA history and be ready for some good old-fashioned fun!

**Important things for this year:**

- Please turn in an estimation of how many scouts and adults from your troop will be attending the Klondike at the December Roundtable. We can accept updates from there.
- This year for lunch, patrols will be taking part in a fire-building competition, which they will then use then to prepare their lunches. Make sure that scouts have all fire-building materials, cookware, and food with them when they go out on the trail.
- Also remember that mother nature does not always agree with sleds so all equipment must also be able to be carried in multiple day packs (not everything in one) should the need arise.
- Questions about the Klondike can be addressed to Tim Muir via Email [tmuir1@gmail.com](mailto:tmuir1@gmail.com) Include your Troop # and Klondike in the subject.

**Seneca District Klondike Campsite Inspection Criteria****-Requirements for Site selection and layout (worth 5 points, all or nothing)**

Out of way of main throughways, Located on durable surface (not trampling flora, or eroding land), Tents set up properly, Free from dangerous tree branches or weather exposures

**-Requirements for safety (worth 6 points, all or nothing)**

Fire buckets per tent and per fire, Cooking and fire areas away from tents, Food stored properly, Fire appropriate size, (If applicable) Ax yard meets BSA Standards

**-Requirements for cleanliness (worth 6 points, all or nothing)**

Campsite free of trash and litter, Fire free of overly large, half burned and/ or excessive logs, Trash stored in an appropriate manner

**-“Sharpness” (worth 0- 3 points)**

Sharpness is best described as the extra mile to make the campsite look sharp this is the only category where partial points may be earned.

20 points possible
